

HORIZON NEWS CLARE Term 1 Week 10

Thursday 3rd April 2025

Parent /Teacher Interviews:

As we aim to 'Nurture Partnerships in Community,' we would like to encourage our families to make a booking for our upcoming Parent/Teacher Interviews. Interviews will be held next week on **Tuesday 8th April** from 3.30pm - 5.00pm, and **Wednesday 9th April** from 3.30pm - 7.00pm. All interviews will be held the teacher's classrooms. Each interview will be 15 minutes.

Interview bookings were opened last Thursday, via an emailed link.

Phone interviews: While we strongly encourage families to visit school for face-to-face interviews, we understand this is not possible for some. Should you wish to have a phone interview, please contact the office to book your appointment time (this ensures teachers then know interviews are by phone). If you need assistance, please contact office staff, who will be happy to assist you.

Preparing for Easter:

When we focus on our insufficiencies instead of God's ever-sufficient grace, it's hard to live like we trust God. But even in that struggle, God can help us see ourselves as redeemed people who are called and empowered to live for Jesus—pointing others to the hope we have in Him.

Indonesian Mission Trip – Please Pray for our Staff and Students:

From the 7th to the 17th of April, 12 students and 4 staff members from both the Balaklava and Clare Campuses will be travelling to Bali for our school's annual Mission Trip.

Please uphold the Mission Trip team in prayer as we prepare for this important trip.

Jesus said to her, "I am the resurrection and the life. The one who believes in me will live, even though they die".
John 11:25

The Beauty and Wonder of
Neurodiversity:
A Parent Education Seminar

The changing face of Autism & its impact on
parents, families, schools, workplaces, and
community.

Wednesday, 7th May | 6:30pm - 8:00pm
Bentley's Hotel, Clare

Please RSVP by: Wednesday, April 30th
to Clare Valley Children's Centre
Ph: 8842 2483
E: dl.6665.info@schools.sa.edu.au

First up, please come along with your child's grandparents, aunts, uncles, and close friends. Let's create a village where we're all on the same fresh, sparkling page! More optimistic and relevant ideas deliver better outcomes for everyone. Today, science and the neurodiversity movement are revolutionising the way we think about, discuss and offer supports to people on the ever-expanding neurodiverse spectrum - and it's liberating, energising, healing, respectful and beneficial to all. I want to celebrate this with you!

Being autistic is no longer viewed as a set of symptoms, delays, deficits, and impairments to be fixed. Rather, it's an authentic identity. It highlights that not all brains travel the same developmental pathway, and this is something to be celebrated and supported. We now only use neuroaffirming language because language matters!

In this workshop you will learn some facts about Autism, but this isn't my real goal. My goal is to introduce you to others who have a lived experience with Autism, in the hope you will be touched in a way, that facts alone can never touch people.

I do have 2 facts to share right now. The first is that our neurodivergent kids are not broken, not less, not disordered, and do not need to be fixed up. They walk to the beat of another drum.

The second is they always will walk to the beat of that different drum. They will grow up to be adults with Autism. Please, let's value Autism, and what it means, so our kids can grow into it with pride and be their authentic selves.
